WE NEED YOU.

Medical needs can be expensive, such as surgeries, equipment, nurses and doctors. With your help, we can continue to bring life-changing surgeries to those in Côte d'Ivoire.

WHY
HEALTH ?

Medical needs in Côte d'Ivoire are vast and without resources to help, the results are heart-breaking.

Each year, we arrive in Côte d'Ivoire to care for the communities where there is minimal health care. We hold a full-scale hospital complete with surgeries, clinics, a pharmacy, and post-op care.
